CHURCH WARDENS' REPORT

Your Church Wardens after another year are glad to be able to report a balancing of income and expenditure, as only a short time ago it seemed impossible to obtain any such desired result.

At our last annual meeting the deficit for the ensuing year was estimated at \$229 00, but during the year considerable expenses were incurred from causes which could not be foreseen—the bursting of a water main on the street, necessary repairs to organ motor, organ bellows, foundation of school, bell and belfry, sewerage system, work at enclosing exposed electric wires, and putting in additional radiators for Surplice Room and Sacristy—these caused outlays which increased our expenses to nearly \$200.00 more than our estimates.

We are indebted to the Hodgson Bequest for the larger part of this sum, and also to the Members of the Church who so promptly and generously responded to the appeal to make up the balance.

Our Grave Yard Committee has again made a very creditable showing in their care of the Cemetery during the Summer and we feel sure that they have the thanks of the Congregation for their work.

We regret to learn that the Rev. Mr. Jukes, who has been with us for the last three months, finds his health so affected by our climate that he has been obliged to withdraw his services from us, and return to Nova Scotia. We had hoped his stay with us would have been a prolonged and pleasant one to us all, but as this hope seems unattainable, we sincerely trust that when he returns to his former climate he will be completely restored to a strong and vigorous health, and we wish him a full measure of success and happiness in whatever field he may be called to labour.

F. R. FOSTER
L. E. BRECKEN
J. O. HYNDMAN

8th January, 1918.

REPORT OF THE ST. PETER'S CEMETERY COMMITTEE.

Your Committee in presenting their statement for the past year beg to report as follows :—

It was found very difficult to secure a good man to take care of the Cemetery early last spring, and for the first part of the season, had to be content with a boy from the City, which was not satisfactory.

Later on in the season, however, we were fortunate in securing the services of Mr. C. C. Carver, a young farmer who recently moved to that vicinity. Mr. Carver proved himself an excellent man for the position in the short time employed.

The grass was kept cut, the paths hoed and trimmed and the fence on the Main Road put in a good state of repair. To keep the grass and grounds in the condition they should be, it is necessary to start a man as early as possible in the spring and keep him at it so long as there is any growth to the grass. We estimate that \$200, at least, should be granted for upkeep of the Cemetery.

Your Committee called on the Roman Catholic Cemetery Committee in connection with the old Burying Ground next to the Main Road and have reason to believe that same will be put in respectable condition during 1918.

For Receipts and Expenditures see page 6.

Interest from Investments, paid Treasurer of Church.....	1915.43
	<u>\$2149.78</u>

The Trustee has lent the Church \$1500.00 from the Principal of the bequest, \$500.00 in 1912 to meet current expenses, and \$1000 in 1913 for special repairs and improvements. It is hoped that a certain sum will be put aside every year to refund this amount. \$100.00 has been paid off each year thus reducing the debt to \$1100.00.
